This action is responsive to applicant's amendment filed September 30, 2005. The arguments filed therein against the rejection of the claims under 35 USC 251 have been considered and is deem to be persuasive. Therefore the rejection under 35 USC 251 has been withdrawn. The claims are now in condition for allowance except for the formal recited below.

***Ex parte Quayle***

This application is in condition for allowance except for the following formal matters:

**CLAIM FORMAT**

*Applicant is notified that any subsequent amendment to the specification and/or claims must comply with 37 CFR 1.173(b).*

*The amendment filed February 27, 2003 proposes amendments to claims 19, 21, 22, 71, 73, 74 and 77 that do not comply with 37 CFR 1.173(b), which sets forth the manner of making amendments in reissue applications. A supplemental paper correctly amending the reissue application is required. Each new claim (i.e., a claim not found in the patent, that is newly presented in the reissue application) should be presented with underlining throughout the claim.*

**DECLARATION**

In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

A supplemental oath/declaration under 37 CFR 1.175(b)(1) will be required because the amendments or other corrections of errors in the patent have been made subsequent to the last oath /declaration filed in the application.

Claims 1-19, 21-71, 73-99 and 102-110 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

“Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant.”

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
